

ROTARY DISTRICT 7170

What did the students say about the 2016 RYLA Conference?

"I absolutely loved this experience. Before I was nominated and went through the application process, I did not know what RYLA was. This has opened my eyes and broadened my horizons. We all challenged ourselves by living on a college campus, meeting new people, sharing stories, fighting fears and so much more. Thank you so much for this amazing experience and opportunity!"

"This was probably one of the best experiences of my life, hands down."

"I wouldn't trade the experience, the people, the memories or the lesson for anything. Thank you so much for the opportunity and all RYLA has taught me."

"RYLA gave me the confidence to always believe in myself and to believe in others."

"I love you all. Thank you for changing my life."

"Extremely eye opening and thought provoking."

"It was life changing and I'm grateful to be a part of it.."

"I think this program should be available to any person who truly desires to become a leader."

"I feel like I can now take on the world.."

"I am a completely different person now. I have never had an experience like this. It was so educational. Thank you."

"Amazing. I learned not to judge a book by its cover."
